Studying abroad or on-campus international programs is to strengthen the cooperation and exchange between international institutions of higher education. NTU has signed several study abroad agreements to provide opportunities for local students to study abroad. Students have the chance to take courses at top-notch universities and from our world partners as well as in support of global engagement. Opportunities in the interests of students, faculties, and staff from NTU play a vital role in NTU's pursuit of excellence through the creation of global equality and mutual-benefit. Signed agreements with our partner universities provide both outgoing and incoming short-term/non-degree-seeking students with the same rights and obligations of a degree-seeking student. The rights and obligations of a visiting student are, in most ways, the same as for exchange students except for the tuition fee. Visiting students will have to pay the tuition fee of both NTU and the host university. Through Visiting Student Programs, NTU students have the chance to apply either through the Exchange Student Internal Screening or directly. Information, please contact the respective college/department office for more information.

Office of International Affairs

The Office of International Affairs (OIA) is responsible for developing National Taiwan University's internationalization strategy. The OIA plays a central role in OIA's pursuit of excellence through the creation of global equality and mutual-benefit. Signed agreements with our partner universities provide both outgoing and incoming short-term/non-degree-seeking students with the same rights and obligations of a degree-seeking student. The rights and obligations of a visiting student are, in most ways, the same as for exchange students except for the tuition fee. Visiting students will have to pay the tuition fee of both NTU and the host university. Through Visiting Student Programs, NTU students have the chance to apply either through the Exchange Student Internal Screening or directly. Information, please contact the respective college/department office for more information.

Visiting Student Programs

Within NTU has numerous excellent partner universities, students might want to explore more options. Those who wish to participate in the University-wide Exchange Student Programs must go through the Exchange Student Internal Screening. For more information, please contact the respective college/department office for more information.
